Important: External Antennas

The removable external antennas are required for both Bluetooth and Wireless network connectivity. Please make sure to connect the antennas before attempting to use the Bluetooth or Wi-Fi features of the NA6005.

❏ Connecting the external antennas for Bluetooth/Wireless connectivity

For each of the two antennas:

1) Place the antenna evenly over the antenna terminal located at the upper left or right corner of the rear panel.
2) Turn the antenna clockwise until it is fully connected. Do not over tighten.
3) Rotate the antenna upwards for the best possible reception.
