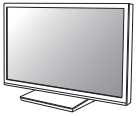
Welcome

Thank you for choosing a Marantz Pre Tuner. This guide provides step-by-step instructions for setting up your Pre Tuner.

Before You Begin

Required for Setup

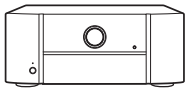


TV

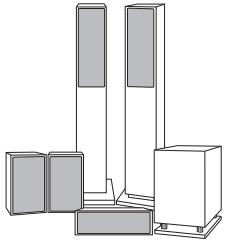
or

RCA cables XLR cables

HDMI cable

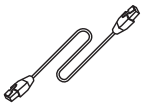


Power amplifier



Speakers/
Speaker cables

Optional



LAN cable

or

Wi-Fi router

- When connecting this unit to a device that is compatible with the Deep Color, 4K and ARC functions, use a "High Speed HDMI cable with Ethernet" that displays the HDMI logo.
- These drawings are for illustrative purposes only and may not represent the actual product(s).

What's In the Box

Quick Start Guide	FM indoor antenna
Safety Instructions	AM loop antenna
Notes on radio	Sound calibration microphone
Warranty (for USA/for CANADA)	Sound calibration microphone stand Cable labels	Remote control unit
Pre Tuner 	R03/AAA batteries
Power cord	External antennas for Bluetooth/ wireless connectivity

- The included sound calibration microphone stand is convenient for use when performing Speaker Calibration. Using your own tripod or the supplied Sound calibration microphone stand enables settings to be automatically configured to the optimum listening environment, providing exceptionally high performance.

Important: External Antennas

The removable external antennas are required for both Bluetooth and Wireless network connectivity. Please make sure to connect the antennas before attempting to use the Bluetooth or Wi-Fi features of the AV7703.

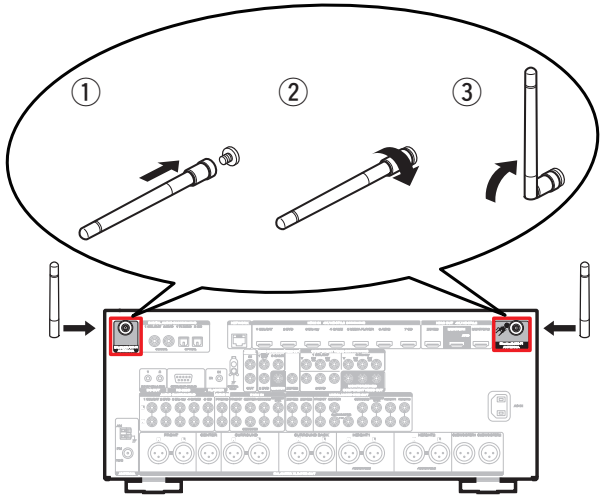
❑ Connecting the external antennas for Bluetooth/Wireless connectivity

For each of the two antennas:

① Place the antenna evenly over the antenna terminal located at the upper left or right corner of the rear panel.

② Turn the antenna clockwise until it is fully connected. Do not over tighten.

③ Rotate the antenna upwards for the best possible reception.

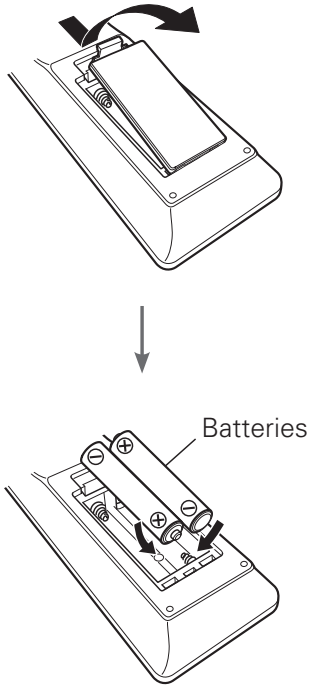


Setup

There are three steps to the setup process.

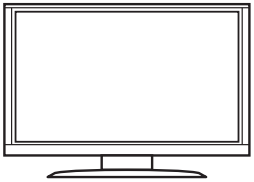
1. **Installing batteries in the remote control unit**
2. **Connecting the Pre Tuner, Power Amplifier and your TV**
3. **Following the On-Screen Setup Assistant**

1 Installing batteries in the remote control unit

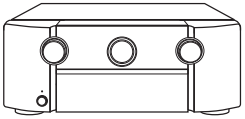


2 Connecting the Pre Tuner, Power Amplifier and your TV

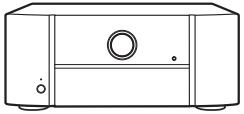
1) Place the Pre Tuner and Power Amplifier near your TV and connect the power cord



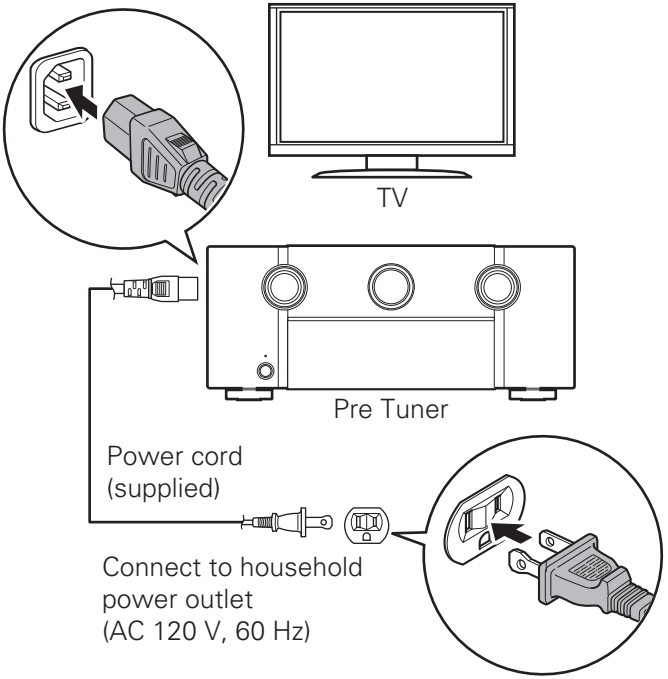
TV



Pre Tuner



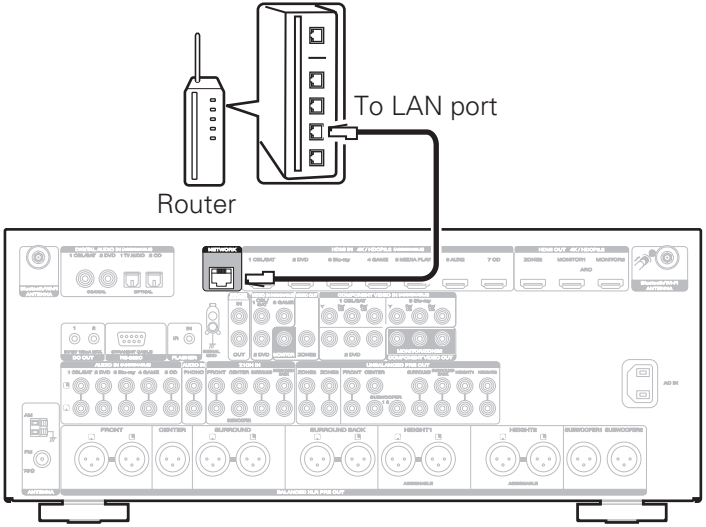
Power Amplifier



2) Connect the Pre Tuner to your home network

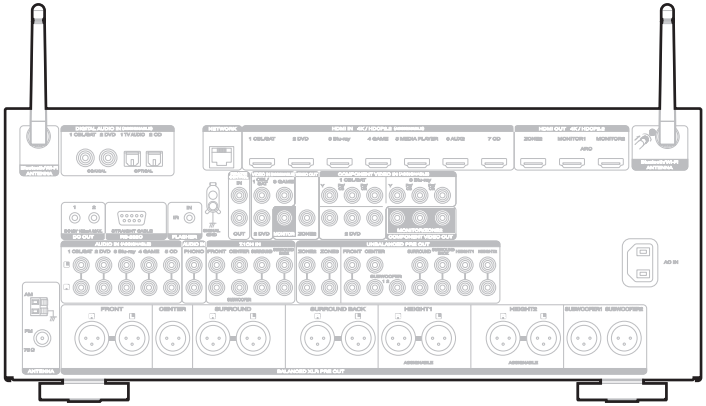
Wired LAN

Connect an Ethernet cable (not included) between your Pre Tuner and your network router.

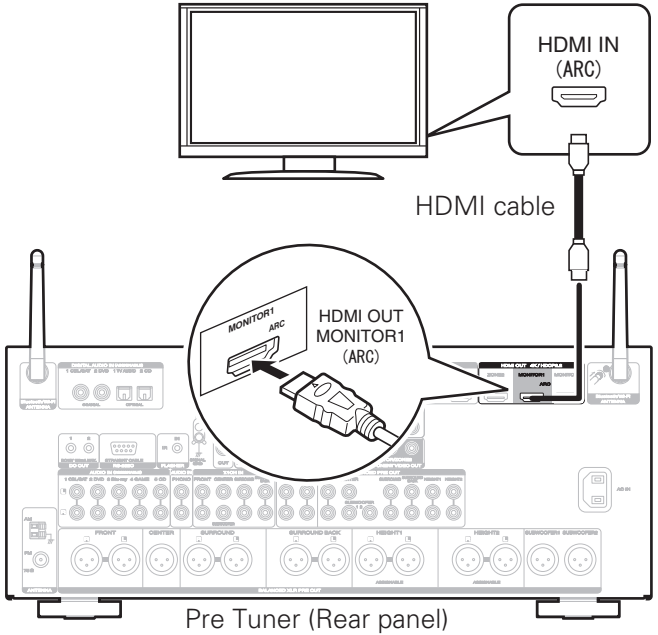


Wireless LAN

When connecting to wireless LAN (Wi-Fi), follow the instructions in “Connecting the external antennas for Bluetooth/Wireless connectivity” and connect the antennas.



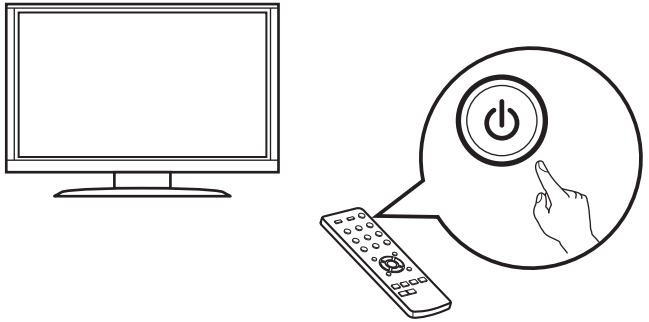
3) Connect the Pre Tuner to your TV with an HDMI cable



Pre Tuner (Rear panel)

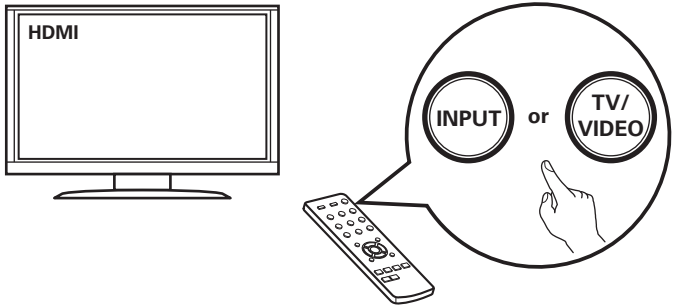
ARC (Audio Return Channel) :
If your TV supports ARC, your TV can send audio back to the Pre Tuner when you are using your TV's built-in video sources (TV tuner, Smart TV streaming services, etc…) ARC requires that you enable HDMI CEC on your TV. Please refer to your TV's Owner's Manual for instructions on how to setup HDMI CEC. Note that some TV manufacturers use other names for the HDMI CEC function.

4) Turn on the TV



TV remote control unit

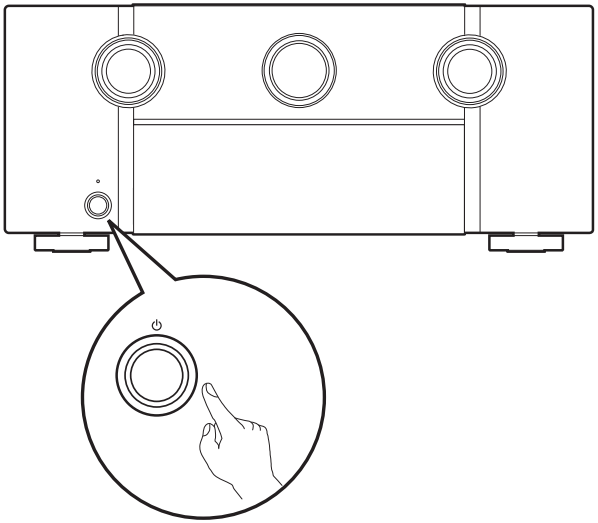
5) Select the appropriate HDMI input on your TV



TV remote control unit

6) Turn on the Pre Tuner

- Press ⏻ to turn on the Pre Tuner.



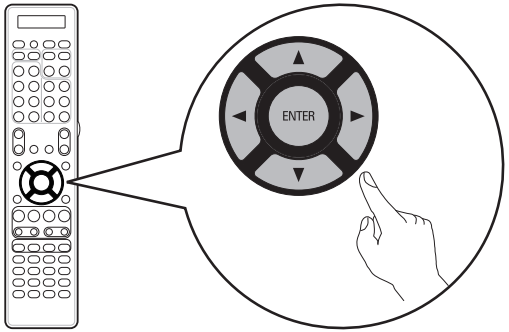
7) Verify the connection

- Verify that you can see this screen on your TV.

If this screen is not displayed, please go back and retry the steps again in the recommended sequence.

3 Following the On-Screen Setup Assistant

The Setup Assistant will walk you through connecting and configuring your Power Amplifier and components to your Marantz Pre Tuner. Please use the remote control and follow the on-screen instructions.



Owner's Manual
